FOR IMMEDIATE RELEASE

Getting Your Share of the Stimulus Funds

The Nevada County Economic Resource Council has created your easiest portal to take advantage of the Recovery Act funding.

What: A line by line listing of each appropriation in the Recovery Act. The ERC has crafted a line by line listing of each appropriation in the Recovery Act. You will find the agency involved, the amount of federal funding, what the money is for and additional comments. Appropriations which might be relevant to Nevada County's various public entities or businesses are clearly identified and links are provided. You can do a word search for relevant appropriations; for example, a word search on "water" will bring up several funding opportunities.

When: It is available now, and is being continually updated.

Where: Located on our website www.ncerc.com home page for ease of reference.

How: Go the ERC website main page, click on the link in the middle of the page.

Other useful funding information:

The Recovery Act's main webpage, <http://www.recovery.gov> has an excellent tool which allows the viewer to pull up the Recovery plans for each agency of the federal government. Your best bet is to visit the site of the agency you are interested in. Some agencies have dispersed their funding, while others are still in the early stages of implementation.

www.grants.gov is the portal for most of the Recovery Act grant funding and can be searched by date, type of grant, etc. However, due to the high traffic at this site, many agencies are announcing funding from their own sites. You will find this list on the front of www.grants.gov and www.recovery.gov .
